Sommario/riassunto	A detailed look at how, and why, the American financial system has reached its current state Today's economy and capital markets are faced with the long-term buildup of public and private credit. Furthermore, we face higher taxes, greater spending, and more debt. We are now at a critical crossroads and our leaders have few realistic solutions. Proposals calling for tax reforms or fewer regulations have fallen on deaf ears. In fact, U.S. democracy has become more socialist and reform is needed immediately. Endless Money is an examination of how the U.S. government and the country
