Pacific, 1909-2009 / John Meehan and David Webster -- Chinese shadows / Fred Edwards -- The transatlantic romance of the North Atlantic triangle: narratives of autonomy and empire in Canadian foreign relations / Cara Spittal -- And the beat goes on: "identity" and Canadian foreign policy / David G. Haglund.

Sommario/riassunto

The editors take a critical look at the now almost mainstream "declinist" thesis and at the continued relevance of Canada's relationships with its principal allies - the United Kingdom, France, and the United States. Contributors discuss a broad range of themes, including the weight of a changing identity in the evolution of the country's foreign policy, the fate of Canadian diplomacy as a profession, the often complicated relationship between foreign and trade policies, the impact of immigration and refugee procedures on foreign policy, and the evolving understanding of development and defense as components of Canada's foreign policy.
