

1. Record Nr.	UNINA9910818324303321
Autore	Yellowlees Peter
Titolo	Physician well-being : cases and solutions / / Peter Yellowlees, MBBS, M.D
Pubbl/distr/stampa	Washington, District of Columbia : , : American Psychiatric Association Publishing, , [2020] ©2020
ISBN	1-61537-290-3
Descrizione fisica	1 online resource (xxii, 243 pages)
Disciplina	158.723
Soggetti	Physicians - Psychology Case Reports
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	"Our Dedicated Dad" -- Health Care Is a Team Sport -- A Unified Mission -- Trust, Mentoring, and Innovation -- Pre-Med : Vulnerability and Trauma -- Medical School : Implicit Biases and a Well-Being Curriculum -- Residency : A Narcotic Addict's New Career -- Cognitive Dissonance and Defining Meaning in Medicine -- Medical Marriages : Caring for Each Other -- The Joy and Meaning of Medicine.
Sommario/riassunto	"The figures are stark: 10-15 years after entering medical school, the average physician has twice the level of burnout of the average professional. Suicide rates among physicians are 1.4 and 2 times higher than in the general population for men and women, respectively. Physician Well-Being argues that the major reasons for physician distress are organizational and systemic and focuses on solutions that work. The guide focuses its gaze on the range of the provider experience, from pre-med programs and practice settings that include a large health system and multidisciplinary clinic to specific scenarios such as medical marriages. Through fictional but realistic and nuanced case studies, it proposes solutions designed to make today's typical health care environments more effective. Concise literature reviews highlight each chapter's most salient points, and detailed lists of references serve as springboards for further exploration. Throughout the volume, wisdom gleaned from the author's 30-year career as a

psychiatrist-during which he has treated hundreds of physicians as patients-makes a powerful case for changes in the culture and process of medicine that are essential for improving both provider well-being and patient care and safety"--

2. Record Nr.	UNISANNIORMS0081009	
Autore	International conference on logic programming : <10. : ; 1993	
Titolo	Logic programming : proceedings of the tenth international conference on logic programming / edited by David S. Warren	
Pubbl/distr/stampa	Cambridge (Mass.), : The MIT press, 1993
