T Zwart -- 2. A Global Due Process of Law? -- S Cassese -- 3.
Globalisation and Extraterritorial Regulation: An Unexceptional
Exception -- S Battini -- 4. Shared Administration and Networks:
Global and EU Perspectives -- P Craig -- 5. Principles of an
International Order of Information -- E Schmidt-Aßmann -- 6. Possible
Controls Over the Bending of Regulatory Science -- P Strauss -- 7.
Accountability as a Value for Global Governance and Global
Administrative Law -- C Harlow -- 8. Would International Courts be
Able to Fill the Accountability Gap at the Global Level? -- T Zwart -- 9.
The Place of Public Interest -- J Morison and G Anthony -- 10. Public
Goods and Global Administrative Law -- J-B Auby -- 11. Global
Citizenship and Global Legitimacy -- L Ortega -- 12. Affirmative
Action: A New Challenge for Equality -- G Gerapetritis -- 13.
Fundamental Rights in the Global and European Law Order -- J Dutheil
de la Rochere -- 14. Administrative Due or Fair Process: Different Paths
in the Evolutionary Formation of a Global Principle and a Global Right
-- S Correia -- 15. Access to Justice, Legal Certainty, and Economic
Rationality -- A Gordillo -- 16. Processes of Transnationalisation of
Administrative Values: Administrative Regulation and Transparency in
the EU -- F Goudappel and T van den Brink -- 17. Globalisation of
Administrative Law-the European Experience -- T Koopmans

Sommario/riassunto

"This collection of essays is the result of a workshop ... that was held in
Science-Po, Paris in late 2008."--p.v

Global Administrative Law has recently emerged as one of the most
important contemporary fields in public law scholarship. Concerned
with developing fuller understandings of patterns in global governance,
it represents one of the most insightful ways of viewing the
multifarious forms of public power that now exist beyond the State.
The present collection brings together some of the leading scholars
working in the field of global administrative law to address past and
future challenges related to global governance. Each of the
contributions picks up on the more general theme of the values that do
or should inform global administrative law, and the book in this way
provides a novel and thought-provoking commentary on this most
engaging area of debate. Values in Global Administrative Law will be of
interest to public lawyers, social and political scientists and scholars of
international relations. It will also be an invaluable resource for
undergraduate and postgraduate courses that touch partly or
exclusively on the challenges of global governance
