Sommario/riassunto	What can homespun cloth, stuffed birds, quince jelly, and ginseng reveal about the formation of early American national identity? In this wide-ranging and bold new interpretation of American history and its Founding Fathers, Kariann Akemi Yokota shows that political independence from Britain fueled anxieties among the Americans about their cultural inferiority and continuing dependence on the mother country. Caught between their desire to emulate the mother country

and an awareness that they lived an ocean away on the periphery of the known world, they went to great lengths to convince themsel
