Campania and Its Culture in the Tenth Century -- 9. Epilogue: The Eleventh Century and After -- Notes -- Appendix: The Southern Lombard Rulers, 758-1000 -- Bibliography -- Index
Sommario/riassunto	Histories of medieval Europe have typically ignored southern Italy, looking south only in the Norman period. Yet Southern Italy in the ninth and tenth centuries was a complex and vibrant world that deserves to be better understood. In <i>Before the Normans</i> , Barbara M. Kreutz writes the first modern study in English of the land, political structures, and cultures of southern Italy in the two centuries before the Norman conquests. This was a pan-Mediterranean society, where the Roman past and Lombard-Germanic culture met Byzantine and Islamic civilization, creating a rich and unusual mix.
