Nota di contenuto	Introduction -- Elite capture -- Capture of governments by social counter-elites -- Under-class capture of the state -- Competitive populism -- Moving beyond competitive populism -- Epilogue.
Sommario/riassunto	This book provides a comprehensive assessment of the motivation behind corruption and ill-governance in countries, such as India. It presents a sound theoretical structure outlining the journey through various phases of elitism, counter-elitism, competitive populism, and, finally, good governance. The political willingness to bring in good governance, the book argues, depends on the electoral importance of the middle classes. Ironically, however, such a middle class emerges out of the policies of distributing private goods, including education, facilitated through counter-elite capture and comp
