Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Torture: the goal of accountability and the world of impunity -- United States: de jure reform with torture lite and rendition -- Israel: soft compliance with judicial oversight of torture-lite -- France: supranational supervision but limited memory battles and accountability -- Argentina: the only case with prosecutions, reparations, and museums -- Spanish inquisition or millennium bombing plot: the value of torture as actionable intelligence, confession, obedience, intimidation, or deterrence? -- The politics of collective memory and torture reform -- Conclusion: two sets of patterns in four states.
Sommario/riassunto	This book evaluates the experience of official torture of France in Algeria, as well as recently, the United States since 9/11, Israel against Palestinians, and Argentina during its ""Dirty War"" from 1972 to 1983. While evaluating what information was gained from torture, the book also shows the costs of undertaking this approach to interrogating

suspected terrorists.
