Sommario/riassunto	"It is well known that Charles Tilly left scholars of big structures, large processes, and huge comparisons a tall research agenda. It is less acknowledged that he also left political ethnographers an impressive and provocative set of tools. In the skilled hands of the contributors to this insightful volume, the 'Tilly toolbox' is put to good work in the service of a theory-driven and empirically-grounded exploration of Mediterranean contentious landscapes."- Javier Auyero, University of Texas, Austin; Editor, Qualitative Sociology.
