Historicizing Access to the Sustainable Food System through CSAs, Farmer's Markets, and Urban Gardens; 6. Summarizing Marginalization and Concluding Remarks; 7. Bibliography; About the Author
Sommario/riassunto	This book is a comprehensive analysis of the barriers and opportunities confronting minority communities' ability to access healthy, fresh foods. Mata uses three minority districts in Oakland-Chinatown, Fruitvale, and West Oakland-to examine the patterns of marginalization in relation to the sustainable food system of the California Bay Area.
