Laying the foundations -- 8. Revivals, reversals, and shifting strategies -- 9. Building a colonial church -- 10. Messianism and popular response.
Sommario/riassunto	"Borderland Religion is effectively a borderlands study in reverse. Rather than examining the dynamics of contact between two distinct cultures in a common geographical space, or middle ground, it

explores how a common culture became differentiated on either side of an international boundary line. In the process, it also illuminates the woefully neglected history of Protestantism in Quebec."--Jacket.
