| Sommario/riassunto | The coming decade holds immense potential for dramatic improvement in U.S. education and in the achievement of American children and in this volume, members of the Hoover Institution's Koret Task Force on K-12 Education examine both the potential gains and the pitfalls that lie ahead, informed by where U.S. education has been, what changes have been made in recent years, and what's still required for the comprehensive overhaul that this vital enterprise so urgently needs. |

Looking backward is infinitely easier than predicting the future, but
plan
