

1. Record Nr.	UNINA9910818892603321
Autore	Reagan Leslie J
Titolo	Dangerous pregnancies : mothers, disabilities, and abortion in modern America // Leslie J. Reagan
Pubbl/distr/stampa	Berkeley, : University of California Press, c2010
ISBN	1-280-67830-5 9786613655233 0-520-94500-X
Edizione	[1st ed.]
Descrizione fisica	1 online resource (390 p.)
Disciplina	614.5/240973
Soggetti	Abnormalities, Human - United States - History Abortion - United States - History Disability awareness - United States - History Rubella in pregnancy - United States - History Rubella - United States - History
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Front matter -- Contents -- Illustrations -- Acknowledgments -- Introduction. Epidemics, Reproduction, and the Fear of Maternal Marking -- ONE. Observing Bodies -- TWO. Specter of Tragedy -- THREE. Wrongful Information -- FOUR. Law Making and Law Breaking in an Epidemic -- FIVE. "If Unborn Babies Are Going to Be Protected" -- EPILOGUE. From Anxiety to Rights -- Notes -- Bibliography -- Index
Sommario/riassunto	Dangerous Pregnancies tells the largely forgotten story of the German measles epidemic of the early 1960's and how it created national anxiety about dying, disabled, and "dangerous" babies. This epidemic would ultimately transform abortion politics, produce new science, and help build two of the most enduring social movements of the late twentieth century--the reproductive rights and the disability rights movements. At most a minor rash and fever for women, German measles (also known as rubella), if contracted during pregnancy, could result in miscarriages, infant deaths, and serious birth defects in the newborn. Award-winning writer Leslie J. Reagan chronicles for the first time the discoveries and dilemmas of this disease in a book full of

intimate stories--including riveting courtroom testimony, secret investigations of women and doctors for abortion, and startling media portraits of children with disabilities. In exploring a disease that changed America, *Dangerous Pregnancies* powerfully illuminates social movements that still shape individual lives, pregnancy, medicine, law, and politics.
