BOOK COVER: TITLE: COPYRIGHT: CONTENTS Nota di contenuto Sommario/riassunto Roman Villas explores the social structures of the Roman world by analysing the plans of buildings of all sizes from slightly Romanized farms to palaces. The ways in which the rooms are grouped together: how they intercommunicate; and the ways in which individual rooms and the house are approached, reveal various social patterns, which question traditional ideas about the Roman family and household. J. T. Smith argues that virtually all houses were occupied by groups of varying composition, challenging the received wisdom that they were

single family houses whose size reflected only t
