Sommario/riassunto	"Eating disorders typically first appear during childhood and adolescence. Despite this early age of onset, edited volumes on eating disorders have not focused on this age cohort. One of the primary purposes of this book is to redress this imbalance and target the unique issues that pertain to the development, assessment, and treatment of eating disorders in children and adolescents, a period of heightened vulnerability to the these disorders and to the potential damage they can cause"--

Sommario/riassunto	Extrait : ""Je me suis souvent demande, mon cher pere, pourquoi vous persistez a qualifier de religion votre doctrine universelle, quoiqu'elle rejette toute croyance surnaturelle. Mais, en y reflechissant, j'ai considere que ce titre s'applique communement a beaucoup de systemes differents, et meme incompatibles, dont chacun se l'approprie exclusivement, sans qu'aucun d'eux ait jamais cesse de compter, chez l'ensemble de notre espece, plus d'adversaires que d'adherents.""
