Sommario/riassunto	The basic concept of society has come under attack-political acts, critical theory, new media and even history itself have undermined what we think of as the social. The Future of Social Theory brings together new interviews with the world's leading social theorists on what society means today: Zygmunt Bauman, John Urry, Saskia Sassen, Bruno Latour, Scott Lash, Nikolas Rose, Judith Butler and Françoise Vergès. The topics covered include: liquid modernization and the individualization of society; the shift towards global forms of chaos and complexity; the displacement of the social into global ci
