Descrizione fisica	1 online resource (204 pages)
Disciplina	937
Soggetti	Paleolithic period - Mediterranean Region Prehistoric peoples - Europe
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Machine generated contents note: ; 1. Introduction -- ; 2. Background -- ; 3. Significant Matters of Quaternary Early Human Palaeobiology -- ; 4. Early Homo: Life-History, Stone artifacts, Stone tools, Dispersal -- ; 5. Evidence from southern Europe before the Jaramillo sub-chron -- ; 6. Humans in southwestern Europe between the Jaramillo sub-chron and the Matuyama-Brunhes boundary -- ; 7. After the Matuyama-Brunhes boundary: the Early Middle Pleistocene in western Mediterranean Europe -- ; 8. The later Middle Pleistocene and onset of the early Late Pleistocene in western Mediterranean Europe -- ; 9. Problems of MIS-4 and MIS-3 -- ; 10. Whatever happened to...?.
Sommario/riassunto	Archaic humans were present for over a million years in western Mediterranean Europe where they left very many traces of their early stone-age activities and behaviour, and sometimes even human skeletal remains. This book evaluates archaeological findings about their life-ways at many important sites in Italy, southern France, and Spain.
