Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	pt. 1. Burned out, bummed out, and thrown out : progressive reformers begin their wilderness journey -- pt. 2. Testing the waters and pushing the boundaries -- pt. 3. Notes from the underground.
Sommario/riassunto	Since the 1970's, liberal American Catholics have sustained a Reform Movement to counteract the conservative drift of the Vatican and to preserve and expand on the reforms of Vatican II. This book draws on a range of theory to analyze and interpret this movement, which is intent on creating a model of church, that examples Vatican II's open, receptive attitude toward the modern world. In response to backlash from church officials, the movement has increasingly abandoned effort to reform Roman Catholicism from within, and has moved in a sectarian direction by creating independent worship communities. The movement faces a precarious future due to its rapidly aging membership and the unstable nature of its newly-formed communities.
