Pronouns -- VI. Numerals -- VII. Particles -- VIII. Verbs -- BIBLIOGRAPHY -- INDEX OF BIBLICAL HEBREW WORDS
Sommario/riassunto	Although it is a discipline with a venerable heritage, comparative Semitic linguistics has long suffered from the difficulty of finding an introduction that does not already require a specialists' knowledge of the field. The primary languages Gray selected were Hebrew, the language most Semitic readers begin with, and Arabic, the most widely known Semitic language. The result is this user-friendly introduction.
