Sommario/riassunto	Noam Chomsky is one of the most influential thinkers of the twentieth-century. His work in linguistics, philosophy and political theory has spanned six decades, and has been met with critical acclaim and controversy in equal measure. This book is not only an introduction to Chomsky's theoretical writings, but also a critical engagement with his work. ""Chomsky: A Guide for the Perplexed"" covers every aspect of Chomsky's thought, from transformational grammar to political dissent. John Collins shows how Chomsky's linguistic theory, philosophy and politics are all connected, and by so doing
