| Sommario/riassunto | The School Services Sourcebook covers every aspect of school service delivery, arming practitioners with the nuts and bolts of evidence-based practice. The second edition has been significantly revised with a new structure including 73 chapters divided into five Parts across thirteen Sections, with an additional six chapters included in an online section found on the book's companion website. Fifteen new chapters cover key topics such as implementing an RTI framework, positive behavioral supports, school climate, functional behavioral assessment, the integration of ethics, Autism and suicide, |
