Nota di contenuto	Contents; Preface; Introduction; Part I. Technoscience and Joblessness; Part II. Contours of a New World; Part III. Beyond the Catastrophe; Notes; Index
Sommario/riassunto	This widely reviewed and highly successful book examines the job market of tomorrow. Aronowitz and DiFazio take you behind the headlines to challenge the idea that a high-tech economy will provide high-paying jobs for all who want them. Instead, they demonstrate that we're more likely to see continued layoffs and job displacement.
