J. Savonius -- The Rainbow Coffee House and the exchange of ideas in eighteenth-century London / Simon Harvey and Elizabeth Grist --

Huguenot traces and reminiscences in John Toland's conception of tolerance / Myriam Yardeni.

Sommario/riassunto

Whilst much has been written about the Huguenots during the sixteenth-century wars of religion, much less is known about their history in the following centuries. The ten essays in this collection provide the first broad overview of Huguenot religious culture from the Restoration of Charles II to the outbreak of the French Revolution. Dealing primarily with the experiences of Huguenots in England and Ireland, the volume explores issues of conformity and nonconformity, the perceptions of 'refuge', and Huguenot attitudes towards education, social reform and religious tolerance.
