Sommario/riassunto	This book describes and discusses over 900 of the most famous and not-so-famous songs from Disney films, television, Broadway, and theme parks from the 1930s to the present day, and does so in great detail to determine exactly what it is that makes them so memorable. It includes a glossary of song terms, a list of all the Disney songs and their sources, a songwriter's directory in which every song by each composer/lyricist is listed, a bibliography, a guide to recordings and DVDs of Disney productions, and an index of people and titles.
