Sommario/riassunto	This book discusses perceptions of values and ethics, authenticity and significance, and documents the historical, heritage and education context in North America, Scandinavia and the United Kingdom, with a particular emphasis on Aotearoa New Zealand. The author explores whether it is possible to learn respect for differing cultural perspectives through the undertaking of educational programmes, identifies various approaches that could complement the development of students and professionals in the cultural heritage and preservation sectors, and

offers a means of actively engaging with cultura
