

1. Record Nr.	UNINA9910819853603321
Autore	Nunn Charles L
Titolo	Infectious diseases in primates : behavior, ecology and evolution // Charles L. Nunn, Sonia Altizer
Pubbl/distr/stampa	Oxford ; ; New York, : Oxford University Press, 2006
ISBN	1-280-90382-1 0-19-151371-7 1-4294-7017-8
Edizione	[1st ed.]
Descrizione fisica	1 online resource (397 p.)
Collana	Oxford series in ecology and evolution
Altri autori (Persone)	AltizerSonia M
Disciplina	616.9
Soggetti	Primates - Diseases Communicable diseases Communicable diseases - Environmental aspects
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. [296]-367) and index.
Nota di contenuto	Contents; 1 Questions, terminology, and underlying principles; 2 Diversity and characteristics of primate parasites; 3 Primate socioecology and disease risk: predictions and rationale; 4 Host-parasite dynamics and epidemiological principles; 5 Host defenses: the immune system and behavioral counterstrategies; 6 Infectious disease and primate social systems; 7 Parasites and primate conservation; 8 From nonhuman primates to human health and evolution; 9 Concluding remarks and future directions; References; Index
Sommario/riassunto	This innovative book provides a comprehensive synthesis of the emerging and topical field of disease ecology. I thoroughly enjoyed it and highly recommend it to those with a passion for diseases or primates. - Raina K. Plowright, TRENDS in Ecology and Evolution (2006)
