Sommario/riassunto

The growth of women's ordained ministry is one of the most remarkable and significant developments in the recent history of Christianity. This collection of essays brings together leading contributors from both academic and church contexts to explore Christian experiences of ordaining women in theological, sociological, historical and anthropological perspective. Key questions include: How have national, denominational and ecclesial cultures shaped the different ways in which women's ordination is debated and/or enacted? What differences have women's ordained ministry, and debates on women's
