Sommario/riassunto

What has really happened in Poland since the election of 2005? After such spectacular events as the practice of lustration and the questioning of solidarity with the European Union, one has to ask: what is the nature of this newly emerging society? As with many of the recent developments in former communist countries that seem to be mysterious and irrational, the situation and ensuing problems are complex and the answers neither trivial nor easy. This book, by the distinguished Polish philosopher, addresses these complexities through the role of the communist past in post-communist Poland. It
