Sommario/riassunto	In the context of our increasingly globalied and digitalied world, libraries and archives are experiencing major changes. The methods used internationally to collect cultural heritage and other historical material are shifting, as new media have added important innovative tools for gathering, preserving, and sharing information around the globe. In light of our increasingly multicultural societies and the expanding ""digital divide,"" we need new and more inclusive approaches to the collection of cultural heritage. This means that critical reflection on both the contents of collections and met
