Sommario/riassunto

Learn about inclusive religious practices from around the world! With a multidisciplinary and anthropological perspective, *Spirituality and Intellectual Disability: International Perspectives on the Effect of Culture and Religion on Healing Body, Mind, and Soul* takes a fresh, innovative look into the world of religious and spiritual practices for the intellectually disabled. Containing vital insights from the first strand on spirituality and disability at the quadrennial conference of the International Association for Scientific Study of Intellectual Disability (Seattle, 2000), this bo
