Nota di contenuto	Introduction -- Heritage, communities and archaeology : a history -- Material culture, memory and identity -- Community dissonance -- Having a stake -- Museums and communities -- Digital communities -- Conclusion : working together.
Sommario/riassunto	This book traces the development of "community archaeology", identifying both its advantages and disadvantages by describing how and why tensions have arisen between archaeological and community understandings of the past. The focus of this book is the conceptual disjunction between heritage and data and the problems this poses for both archaeologists and communities in communicating and engaging with each other. In order to explain the extent of the miscommunication that can occur, the authors examine the ways in which a range of community groups, including communities of expertise, define
