

1. Record Nr.	UNINA9910820319503321
Autore	Ginsberg Sarah M. <1966->
Titolo	Scholarship of teaching and learning in speech-language pathology and audiology : evidence-based education // Sarah M. Ginsberg, Jennifer C. Friberg, Colleen F. Visconti
Pubbl/distr/stampa	San Diego, California : , : Plural Publishing, , [2012] ©2012
ISBN	1-59756-697-7
Descrizione fisica	1 online resource (273 p.)
Disciplina	616.85/50071
Soggetti	Speech therapy - Study and teaching Speech disorders - Study and teaching
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Good teaching, scholarly teaching & scholarship of teaching -- EBP in clinical practice versus EBE in classroom teaching -- The learner centered-active learning paradigm -- Before you teach : course design and preparation -- Communication in the classroom -- Engaging the learner -- Assessing student learning -- Moving forward toward SOTL -- SOTL as part of your research agenda.
Sommario/riassunto	By sharing what evidence-based education (EBE) methods are available, this book aims to increase the efficacy of clinical education in a variety of fields and at the same time, provide valuable insights to communication science and disorders faculty members as to how they can contribute to the growing body of evidence regarding teaching, often referred to as the scholarship of teaching and learning (SOTL).
