Sommario/riassunto	The World Bank and Sustainable Development: Legal Essays collects works from the past ten years by David Freestone, former Deputy General Counsel and Senior Adviser at the World Bank. The essays offer a unique perspective founded on the author's years of experience at the World Bank. They cover a wide-range of topics, including the Bank's Sustainable Development and its Climate Change agendas as well as its

project based Environmental and Social Safeguard policies, highlighting the evolution of the pioneering role of the Bank's Inspection Panel. Other essays look at the establishment and subsequent evolution of the Global Environment Facility (GEF), the design and implementation of the innovative Prototype Carbon Fund – now the basis of a
