

1. Record Nr.	UNINA9910820478603321
Titolo	Green infrastructure implementation : a special publication // Water Environment Federation
Pubbl/distr/stampa	Alexandria, Virginia : , : Water Environment Federation, , 2014
ISBN	1-57278-310-9 1-5231-0297-7
Descrizione fisica	1 online resource (xl, 491 pages) : illustrations
Collana	WEF special publication
Disciplina	363.6
Soggetti	Municipal engineering Infrastructure (Economics) - Management Sustainable urban development Urban runoff - Management Sustainability
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	"Green Infrastructure Implementation provides actionable information that promotes the implementation of green infrastructure. Unlike most publications, which focus on technical design of individual green elements, this book tackles topics that relate directly to the ability to implement green infrastructure. The collection of programmatic and planning topics is unique in current literature, and covers a range of issues from stormwater to public education. Green Infrastructure Implementation identifies obstacles and provides guidance in possible approaches to overcoming them at the programmatic level. It also provides clear and actionable suggestions as to the selection and planning of green infrastructure at different scales and identifies considerations for implementation based on type of practice and specific geographic considerations. Each topic details an assessment of barriers and potential challenges and includes case studies that show how they can be addressed"--Provided by publisher.
