Death by Nene -- CHAPTER 4. Comet Dreams -- CHAPTER 5. A Lead Lost -- CHAPTER 6. Approaching China -- CHAPTER 7. The Viscount Conspiracy -- CHAPTER 8. Aviation on the New Frontier -- Conclusion -- Notes -- Archives, Manuscripts, and Private Interviews -- Acknowledgments -- Index
Sommario/riassunto	In a gripping story of international power and deception, Engel reveals the "special relationship" between the United States and Great Britain. As allies, they fought Communism; as rivals, they clashed over which would lead the Cold War fight. In the quest for sovereignty and

hegemony, Engel shows that one important key was airpower, which created jobs, forged ties with the developing world, and ensured military superiority, ultimately affecting forever the global balance of power.
