Sommario/riassunto

Hear from evaluation practitioners throughout Latin America. In this region program evaluation is an emergent practice, one that is shaped by distinctive geopolitical and social contexts and has its own intellectual biography. Through a selection of writings and cases this issue provides a window on program evaluation in this region. The articles indicate a range of experiences and concerns that respond to the countries' unique histories and cultures. Articles by evaluators from Argentina, Brazil, Chile, Colombia, Costa Rica, and Peru illustrate new directions and are grouped around t
