Sommario/riassunto

This reissue, first published in 1986, offers a comprehensive treatment of educational development in four countries in West and East Africa: Nigeria, Uganda, Kenya and Tanzania. The author focuses on the role of education in promoting or hindering national development; the way the educational system varies in response to societal and dialectical forces; the place of education in major theories of change and development; and the contribution made by education to economic, social and political development. Clearly and concisely written, the book will be of interest to teachers, administrators,
