Sommario/riassunto	This clinician-friendly guide presents a model for engaging the most challenging children and families who are served by the child welfare, mental health, juvenile justice, and special educations systems. These children are among the most troubled clients that treatment providers will ever encounter. They have been failed by every adult, every treatment modality, and every system of care that they have encountered. Unconditional Care, a breakthrough guide from the founder and clinical director of California's Seneca Center for Children and Families, offers both a theoretical model and practical
