Sommario/riassunto	This pocket reference and revision guide is a must for all medical students and junior doctors preparing for major exams in clinical medicine or needing a rapid reminder of essential facts during a clinical attachment. Now thoroughly updated, this new edition combines the first editions of Rapid Medicine and Rapid Differential Diagnosis and contains reference to over 200 common medical conditions and diseases and 350 signs and symptoms encountered on a daily basis on

the wards, in clinics and in exams. This concise, no-nonsense reference is presented in an A-Z format for easy a
