Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Introduction : the spectre of paramilitarism -- Foundations for theorizing paramilitarism -- From colonialism to neoliberalism : a history of dispossession -- Eight years after the demobilization of the AUC : the predatory state-capital alliance of domination (2006-2014) -- Paramilitarism, neoliberalism and globalization : towards a new analytical framework.
Sommario/riassunto	Examines Colombia's pervasive violence over the last 50 years in Colombia and argues that paramilitarism, as an embodiment of global capitalist accumulation, has resulted in forced displacements, labor repression, subjugation of social movements, decentralization of violence, drug trafficking, and the emergence of para-institutional armed forces across Latin America.
