Conclusion; Keeping up to date; Key terms in crime and criminal justice policy; Index; Back cover
Sommario/riassunto	This book provides a comprehensive, up to date and detailed introduction to the criminal justice system for students and practitioners needing to know about this. It assesses the main theories concerned with the causes of crime (including white collar and corporate crime), and provides a detailed account and analysis of the response of the state to crime in England and Wales. It discusses the operation of all key agencies, including the police, probation and prison services, and the legal and youth justice systems.
