Sommario/riassunto

What is the oldest artifact linked to Abraham Lincoln? What does a poem written when he was just a schoolboy say about his character? Taking its cue from *The History of the World in 100 Objects*, the Abraham Lincoln Presidential Library and Museum have selected 100 items from their extensive and rare collection that will give readers an intimate glimpse into the turning points of Lincoln's life and presidency. From a page taken from his sum book, to the gloves Lincoln wore the night he was assassinated, these objects reveal a sense of the man and his times in a fresh and immediate way.
