Sommario/riassunto	Education cannot be understood today without recognizing that nearly all educational policies and practices are strongly influenced by an increasingly integrated international economy. Reforms in one country have significant effects in others, just as immigration and population tides from one area to another have tremendous impacts on what counts as official knowledge and responsive and effective education. But what are the realities of these global crises that so many people are

experiencing and how do their effects on education resonate throughout the world? Global Crises
