Sommario/riassunto	This study represents the most comprehensive review of fiscal federalism in the Russian Federation, presenting a strong case for greater decentralization. Given its vast size, immense diversity - including economic, geographic, cultural, ethnic, and historical differences across regions - Russia is a prime candidate for decentralization. By succinctly surveying the literature on fiscal decentralization and clearly spelling out the main concepts, the volume sets the stage for the subsequent description of the fiscal system in Russia and its evolution through a succession of reforms guided by a
