

1. Record Nr.	UNINA9910821384603321
Titolo	Establishing a Nordic Pesticide Monitoring Network [[electronic resource] /] / Nordic Council of Ministers, Nordic Council
Pubbl/distr/stampa	Copenhagen, : Nordic Council of Ministers, 2007
Edizione	[1st ed.]
Descrizione fisica	102 s
Collana	TemaNord, , 0908-6692 ; ; 2007:514
Soggetti	Pesticides Monitoring Scandinavia Pesticider Overvagning, kontrol Skandinavien, Norden
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Based on a Nordic workshop on pesticide monitoring in the environment, held in Uppsala, Sweden, 2006.
Nota di contenuto	Intro -- Content -- Preface -- Summary -- 1. Groundwater monitoring in Denmark -- 1.1 Introduction -- 1.2 Extent of the programme -- 1.2.1 Groundwater monitoring sites (GRUMO) -- 1.2.2 Groundwater monitoring in agricultural catchments (LOOP) -- 1.2.3 Waterworks (well control) -- 1.3 Data management and reporting -- 1.3.1 Modelling -- 1.4 Economy -- 1.5 List of publications -- 2. Pesticides in the Danish monitoring and assessment programme for aquatic and terrestrial environment -- 2.1 Introductions -- 2.2 Extent of the programme -- 2.2.1 Pesticdes -- 2.2.2 Analytical methods -- 2.2.3 History -- 2.3 Data management and reporting -- 2.4 Economy -- 2.5 List of publications -- Appendix 1. -- 3. The Danish pesticide leaching assessment programme - a post registrarion monitoring programme -- 3.1. Introduction -- 3.2 Extent of the programme -- 3.2.1 Agricultural management -- 3.2.2 Monitoring -- 3.2.3 Analytical methods and quality assurance procedures -- 3.3 Data management and reporting -- 3.4 Economy -- Appendix - Selected list of publication -- International contributions -- National contributions -- 4.

Environmental monitoring of pesticides in Finland -- 4.1 Introduction -- 4.2 Extent of the programme -- 4.2.1 Precipitation -- 4.2.2 Surface waters -- 4.2.3 Groundwater -- 4.2.4 Aquatic biota -- 4.2.5 Humus and terrestrial biota -- 4.2.6 Quality assurance -- 4.3 Data management and reporting -- 4.4 Economy -- Appendix 1. -- Appendix 2. -- Appendix 3. List of Publications -- 5. Pesticide monitoring in Iceland -- 5.1 Introduction -- 5.2 Extent of the programme -- 5.2.1 Future monitoring considerations -- 5.3 Data management and reporting -- 5.4 Economy -- 5.5 List of publications -- 6. The Pesticides Agricultural Monitoring Programme (JOVA) in Norway -- 6.1 Introduction -- 6.2 Extent of the programme -- 6.2.1 Locations. 6.3 Data management and reporting -- 6.4 Economy -- Appendix 1. List of publications -- Appendix 2. -- 7. Environmental Monitoring of Pesticides in Sweden -- 7.1 Introduction -- 7.2 Extent of the programme -- 7.3 Data management and reporting -- 7.4 Economy -- Appendix 1. -- Appendix 2. List of publications -- 8. Derivation and Application of WQS for Pesticides in Sweden -- 8.1 Swedish Water Quality Standards -- 8.2 The Swedish method of deriving WQS -- 8.3 The main steps of the procedure -- 8.4 How do the Swedish WQS compare to measured concentrations in surface water? -- 8.5 How are WQS applied in Sweden? -- 8.6 Pesticide Toxicity Index (PTI) -- References -- 9. Deriving Water Quality Standards for pesticides in Norway -- 9.1 References -- 9.2 Explanation of abbreviations and acronyms -- 10. Environmental Quality Standards for Pesticides in Finland -- 11. Pesticide monitoring in surface water within the Water Framework Directive -- 11.1 Water Framework Monitoring -- 11.2 Design of WFD monitoring programme -- 11.3 References -- 12. Use of pesticide monitoring data within the regulatory process -- 13. Swedish national monitoring programme - Aim and structure -- 14. Different aspects on using results from pesticide monitoring programs -- 15. Group discussions -- 15.1 The use of monitoring data within the regulatory process -- 15.2 The role of pesticide modelling to enhance our understanding and use of monitoring data -- 15.3 Water Quality Standards for pesticides in surface water within the Nordic countries -- 15.4 How should the pesticide monitoring network be structured in the future and how to benefit from each other? -- Sammanfattning -- Projektets förslag -- Establishing a Nordic Pesticide Monitoring Network -- Appendix -- List of workshop participants.
