Sommario/riassunto

Critical Government Documents on Law and Order reviews of many law and order issues facing us today. The book does not offer any new science not attempt to take sides. It is, however, an attempt to gather together information from as many sources as possible so that you, the reader, don't have to. It presents arguments for and against the issues covered so that you can come to your own conclusions. Areas covered include the threat from domestic and international terrorism and the growth of extremist militias, the increase in school place and workplace violence, relationships between police and
