Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	pt. 1. Memory and the enhanced body -- pt. 2. The social nature of the body : synchronization, networks and technologies.
Sommario/riassunto	This challenging book, Other excellent contributions from international social scientists, focuses on the link between body and memory that specifically refers to the use of digital technologies. Neuroscientists know very well that human beings automatically and unconsciously organize their experience in their bodies into spatial units whose confines are established by changes in location, temporality and the interactive elements that determine it. Our memories might be less reliable than thos...
