	ISBN	1-68125-253-8 1-68125-252-X
	Descrizione fisica	1 online resource (270 pages) : illustrations (some color)
	Classificazione	EDU008000EDU011000EDU003000
	Disciplina	371.9
	Soggetti	Special education - United States Special education - United States - Administration Students with disabilities - Education - United States Educational evaluation - Data processing Classroom management
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia

Nota di bibliografia

Includes bibliographical references and index.

Sommario/riassunto

"This book provides quick and easy tips for data collection within the classroom. Behavioral Quik-Graphs provides quick and easy tips for data collection within the classroom. Special educators, administrators, and other paraprofessionals often view data collection as time-consuming and complex, but collecting data on behaviors, academic abilities, and Individualized Education Plans (IEPs) is a crucial procedure that shows the progress of individual students. A variety of reproducible forms and tools are available for immediate use in recording and analyzing classroom data. Data collection is a critical piece of an educator's job (not just in special education) and it can be very intimidating to a teacher. This accessible book will make data collection easy with realistic vignettes, diagrams and sample forms, and explanations written in clear language"--
