

1. Record Nr.	UNINA9910821744003321
Autore	Hoff Timothy <1965->
Titolo	Practice under pressure [[electronic resource]] : primary care physicians and their medicine in the twenty-first century // Timothy Hoff
Pubbl/distr/stampa	New Brunswick, N.J., : Rutgers University Press, c2010
ISBN	1-280-49342-9 9786613588654 0-8135-4835-7
Edizione	[1st ed.]
Descrizione fisica	1 online resource (251 p.)
Collana	Critical issues in health and medicine
Disciplina	362.1
Soggetti	Primary care (Medicine) - United States
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	The transformation of primary care in the United States -- A typical workday in primary care -- How the primary care workday has changed -- Leaving hospital work behind -- The routine and nonroutine of primary care work -- Younger and older physicians in primary care -- Women in primary care -- International medical graduates in primary care -- The medical home : primary care savior? -- No quick fix : an incremental approach to helping primary care.
Sommario/riassunto	Through ninety-five in-depth interviews with primary care physicians (PCPs) working in different settings, as well as medical students and residents, Practice Under Pressure provides rich insight into the everyday lives of generalist physicians in the early twenty-first century—their work, stresses, hopes, expectations, and values. Timothy Hoff supports this dialogue with secondary data, statistics, and in-depth comparisons that capture the changing face of primary care medicine—larger numbers of younger, female, and foreign-born physicians.
