| Sommario/riassunto | As the NATO Alliance enters its seventh decade, it finds itself involved in an array of military missions ranging from Afghanistan to Kosovo to Sudan. It also stands at the center of a host of regional and global partnerships. Yet, NATO has still to articulate a grand strategic vision designed to determine how, when, and where its capabilities should be used, the values underpinning its new missions, and its relationship to other international actors such as the European Union and the United |

Nations.
